Quercus "81"

Quercus Staff Presents . . .

School Days and Teenage Nights —
Pondering thoughts, dreaming dreams,
Going to dances, devising schemes,
Planning parties, taking tests;
Always remember never forget.

School days and teenage nights,
Getting cars and motorbikes,
Watching TV, drive-in shows;
Where's the time gone? No one knows!

Chasing boys and running wild;
Your mom still treats you like a child.
Home by ten, asleep by eleven,
Up in the morning for school at seven.

Graduation comes at last;
We reminisce about the past.
Our High School days have been the best.
Always remember, never forget!

Fun for Everyone

Did the Egyptians have this much trouble??

Did we win?!

We are #1! Eat your hearts out Juniors!

Seniors

The last four years, we've spent in this school, learning and growing, and breaking all the rules.

We've grown and matured with each passing day, and soon the time will come, and we'll all go our own way.

The faces we've seen around in school almost every day, will soon become memories fading away.

The mischief and fun we've had over the years, will come to mind bringing on the tears.

Promises will be made; "We'll all keep in touch," but soon we'll find our ties being broken, the strain is too much.

Miles and miles we'll travel and find, our memories of High School are left behind.

Gone are the rallies, the dances and games, and we begin to realize life isn't the same.

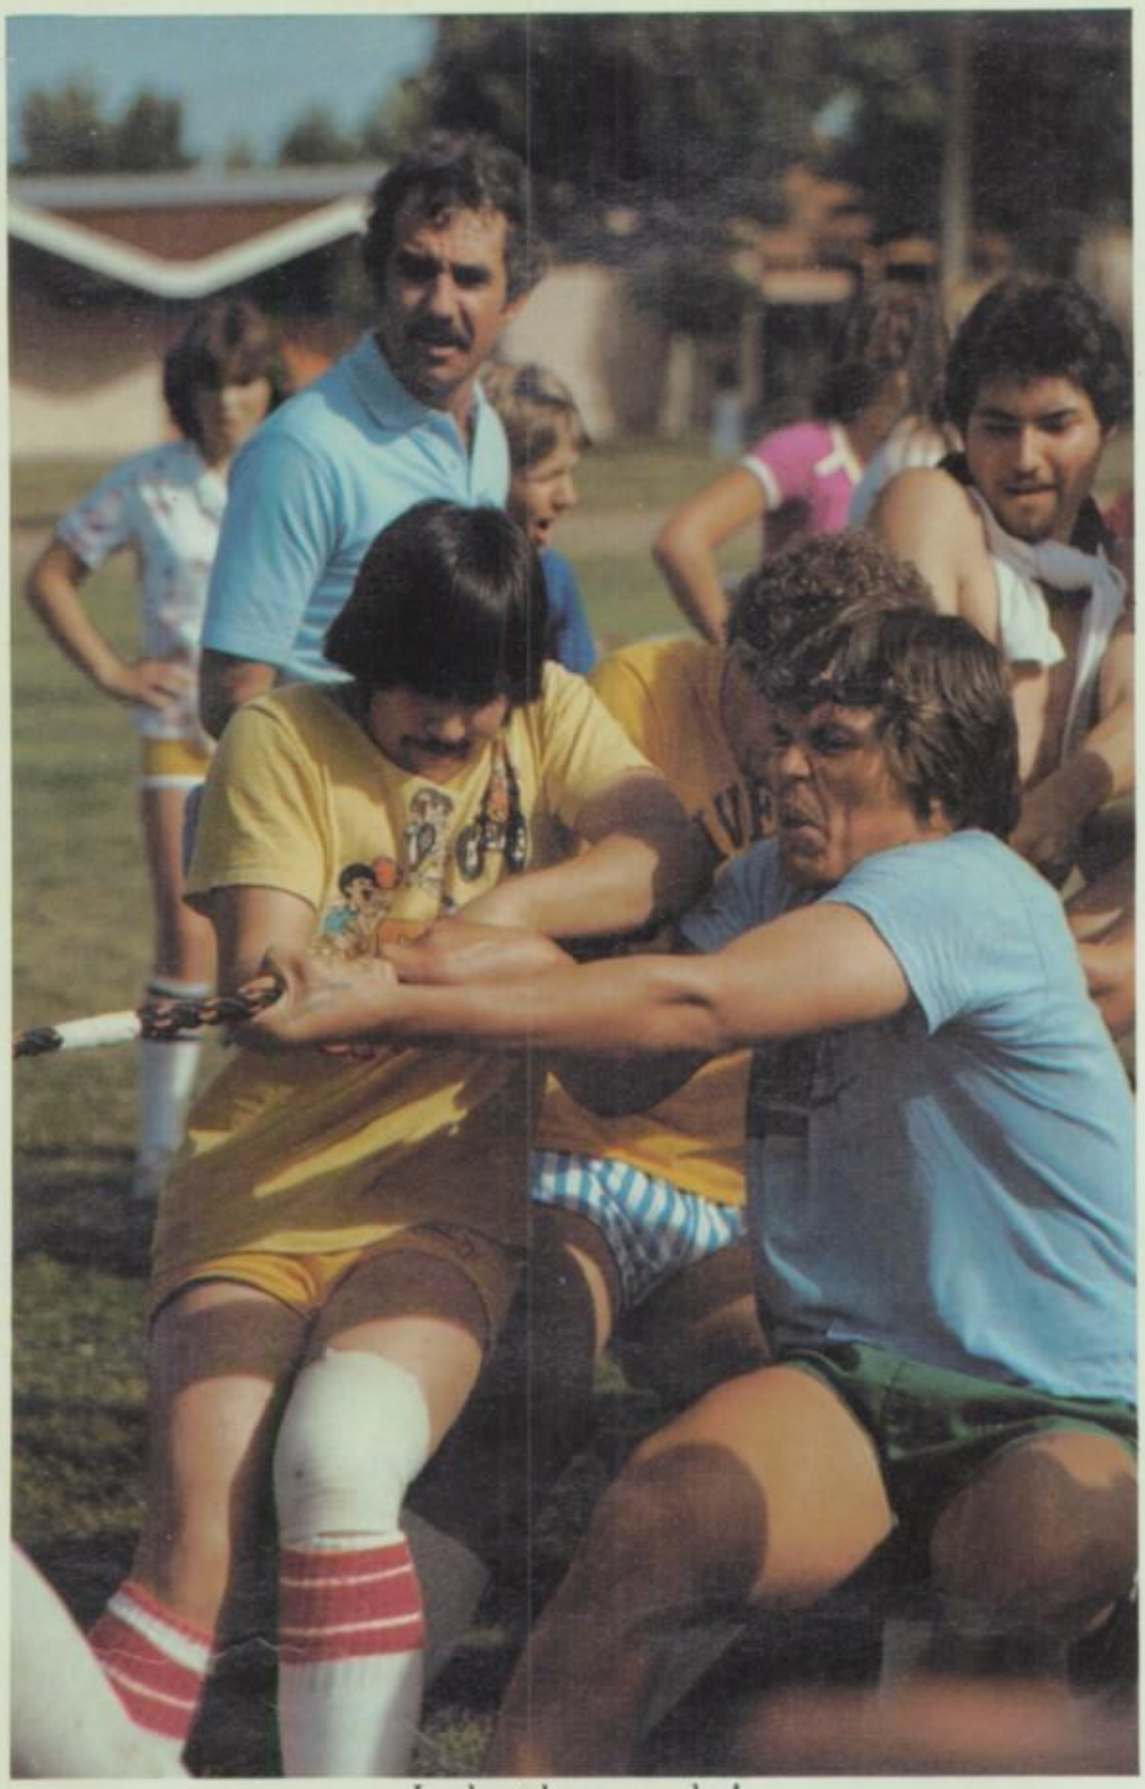
Our futures are our own to do with as we see fit, we'll go out into the world, hoping not to quit.

The fate of the world will be in our hands, it's up to us to save our land.

For we are the future, the hope of tomorrows to come, and we are the ones who will get it done.

We are the class of 1981!

by Kathy Heenan



Look at those muscles!

The tug-o-war isn't really that tough, is it?

Dedication:

Highly knowledgeable and well-informed on the variety of daily activities, this man's assistance in finding answers to many of the problems we face often goes unacknowledged. His unceasing willingness to help faculty and students extends far beyong his already well-established teaching routine. Even more than for his accurate and efficient teaching duties, we recognize his desire to make Live Oak High an enjoyable and truly rewarding place to spend our high school years.

With his unlimited encouragement, we find ourselves achieving goals we never dreamed were possible. His advice and interest in each of us as individuals has been beneficial in helping us to determine the directions of our futures. Through personal dedication, this man has set a fine example of commitment to the community.

It is with great honor and well-deserved recognition that we dedicate the senior section of the 1981 Quercus to Mr. Ron Pritchard!

Dear Miss Sandi Conway the I.

I am sorry to inform you that I am a stupid dope. I have been so busy here in little old Live Oak that I forget my true friend. I am very sorry and hope that you can accept my apologie for being so stupid. I am very ashamed at my self for being this way. Please accept my apologies.

I hope your doing better beautiful and I hope your having a terrific time in Boynton as for me I haven't had a free weekend since January although it has been fun. Yesterday I took my drivers test for an intruction permit and I passed it with only 3 missed. My mom told me I would have to ask my dad for a car this semester and if I do get it guess who will be visiting Boynton?

Right now I am sitting here listing to Mrs. Stevenson's real female dog who I stole from the bottom of my heart. I guess I'll leave you now before I bore you with too much of my life story. Just write back and answer a couple of questions. 1) Will you be coming to live Oak this summer. 2) How are you doing in school. 3) Are you married yet.

Love You Always

Ronnie Yongsley II

P.S.

Write me this summer or I'll visit you in the middle of the night and [CENSORED].
